Section Two: Reading and Speaking

TASK TWO: SPEAKING

Once the tape has started, your spoken answers to the questions will be recorded.

You are required to read each question aloud onto the tape. Your response, **in French**, should immediately follow the question.

Base your answers on what you have read. You should, as far as possible, use your own words. Do **not** simply read large sections from the text onto the tape. You may use your notes while you are speaking.

The tape will not be paused once you have started speaking. You should aim to talk for about three to four minutes **in French**. The tape will be stopped after seven minutes.

Questions

Read each question aloud onto the tape.

Your response **in French** should immediately follow the question.

Read Question One and give your response **in French**.
