

Assessment Schedule – 2006

Scholarship Technology (93601)

	The student has presented a reflective report with supporting evidence and:	The student has presented a reflective report with supporting evidence and:	The student has presented a reflective report with supporting evidence and:	The student has presented a reflective report with supporting evidence and:
1	demonstrated some <i>synthesis</i> and <i>integration</i> of technological experiences in bringing together knowledge skills, ideas and methods to allow their technological outcome(s) to be realised.	demonstrated <i>synthesis</i> and <i>integration</i> of technological experiences in bringing together knowledge skills, ideas and methods to allow their technological outcome(s) to be realised.	demonstrated <i>synthesis</i> and <i>integration</i> of technological experiences in bringing together knowledge skills, ideas and methods to allow their technological outcome(s) to be realised. demonstrated: – elegance in terms of <i>ingenuity</i> , <i>simplicity</i> , <i>optimisation</i> and <i>polish</i> of their technological practice and its resulting outcome(s) OR – originality in terms of <i>inventiveness</i> , <i>innovation</i> and <i>elements of unconventionality</i> in the technological practice they undertake and its resulting outcome(s).	demonstrated <i>synthesis</i> and <i>integration</i> of technological experiences in bringing together knowledge skills, ideas and methods to allow their technological outcome(s) to be realised. demonstrated: – elegance in terms of <i>ingenuity</i> , <i>simplicity</i> , <i>optimisation</i> and <i>polish</i> of their technological practice and its resulting outcome(s) – originality in terms of <i>inventiveness</i> , <i>innovation</i> and <i>elements of unconventionality</i> in the technological practice they undertake and its resulting outcome(s).
2	explained how some of the complexities of the situation(s) have been identified and explored explained why the outcome(s) address the problem(s).	explained how the complexities of the situation(s) have been identified and explored justified why the outcome(s) address the problem(s) OR justified the technological practice undertaken.	explained how the complexities of the situation(s) have been identified and explored justified the technological practice undertaken and why the outcome(s) address the problem(s).	explained how the complexities of the situation(s) have been identified and explored justified comprehensively the technological practice undertaken and why the outcome(s) address the problem(s).
3	some reflection on information or understandings or practice(s) that were used to inform the development of their technological outcome.	some reflection on information, understandings and practice(s) of others that were used to inform the development of their technological outcome.	reflected on information, understandings and practice(s) of others that were used to inform the development of their technological outcome.	critically reflected on information, understandings and practice(s) of others, that were used to inform the development of their technological outcome.
				critically reflected on information, understandings and the practice(s) of others, across a range of contexts , that were used to inform the development of their technological outcome.
